

Job Title: Lab Attendant

Hours: 15 hours/week (available Wednesday and Thursdays)

Salary: \$25 per hour

Non-union casual

Start: Jan 8, 2018 - May 8 2018

About the Collab

The Ryerson Library Collaboratory is a new space and initiative currently in development. The Collaboratory is designed to provide faculty and their student research teams with space and technology resources to facilitate project development.

Through the Collaboratory, the library provides equitable access to workspace and technology resources for faculty who don't normally have access through their department.

The programming will include access to digital academic resources, as well as tutorials, workshops and consultations for those programs. Some of these resources will include open publishing platforms, research data management, access to cloud based storage, digitally enhanced course development, and access to fabrication equipment, such as 3D printers, a CNC machine, laser cutter and high end computers.

Qualifications

- Strong interpersonal communication skills
- Strong organizational skills
- Experience educating, teaching, or running workshops
- Desire to learn new tools and technologies

Desired Experience

- Experience with hands-on making, digital fabrication, programming, OR any other type of physical fabrication
- Experience working in digital 3D environments/engines for development such as video game, AR, VR or other CGI application
- Experience working with or programming robots or microcontrollers
- Experience in cloud computing or working with other digital tools
- Current graduate student

Responsibilities

- Assist and receive direction from the Digital Innovation & Community Engagement Facilitator and Tech Lead
- Monitoring research assistants and faculty using equipment in the Collab
- Ensuring health and safety requirements are adhered to
- Organizing, cleaning and maintaining the Collab space
- Staffing the Collab during some daytime and evening hours

- Communicating and networking with Faculty, Library and the Ryerson community to assist in the Collaboratory initiative and motives on campus, attending some events

The collaboratory is committed to creating a diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.

Applicants with all kinds of making experience are encouraged to apply, regardless of experience with digital fabrication tools. We encourage applications from people with physical making, digital, programming or design experience to apply.

To apply send a cover letter and current CV or Resume to collab@ryerson.ca by Jan 2, 2018.
